

# Yorkshire Land Rover Owners Club Ltd

*Member of The Association of Land Rover Clubs Affiliated to the Royal Automobile Club Motor Sports Association*

Thank you for your interest in joining The Yorkshire Land Rover Owners Club. The club was formed in 1971, as the Yorkshire Rover Owners Club, by a number of enthusiastic Rover owners who wished to gain a little more from the ownership of Rover vehicles. We are a 'marque' club, so our object is to provide and encourage the sport and pastime of motoring and other entertainment. We extend a friendly welcome to all comers and amongst our members we have those experienced in competitive and non-competitive off-road driving, those who enjoy exploring unsurfaced country roads, caravanners, as well as those who enjoy the more technical aspect of Land Rover ownership. Our committee officers are more than willing to give advice and help on any aspect of Land Rover Ownership, from the best ways to modify, to which green lanes and unpaved roads are open (and the most fun!) Our annual programme, which includes competitive, non-competitive and social events, is designed to reflect the wishes of our members. It currently includes off-road driving trials for both modified and road going vehicles, an annual Holiday Rally and an annual 4x4 event open to all makes. Many weekends also incorporate camping and caravanning opportunities encouraging families to come along for a social gathering, barbeque, and explore local attractions, as well as supporting the motor sport event.

The first Monday in the month (except bank holidays) is currently the club night at The Emmott Arms, Town Road, Rawdon, Leeds, LS19 6PP. An informal pub gathering from 8pm onwards open to all with conversation usually centring on Land Rovers, but occasionally covering more diverse topics!

Members new and old are encouraged to suggest new ideas, and benefit from advice and knowledge of the more experienced members. We hope that all our members can then get the most out of owning their Land Rover!

Barney Netherwood (Chairman, YLROC)
